### **Quality Policy Statement**

We, the employees of Perry Johnson Registrars Carbon Emissions Services, Inc. (PJRCES), are committed to meet the requirements and expectations of our clients in terms of quality of services we provide, as well as expectations of UNFCCC - CDM Executive Board, its applicable bodies for regulatory standards and other Executive Bodies of the Voluntary standards, whose accreditation we secure and maintain.

Human resource is the key asset at PJRCES. To ensure quality of our operations, we will deploy skilled and competent personnel for all validation and verification activities. To meet this crucial need, systematic efforts will be directed towards recruitment, training and competence evaluation for all personnel performing different tasks.

We are committed to accurate and transparent validation and verification of GHG emission reductions, which in turn will help to fulfill the expectations set forth in the Kyoto Protocol, while contributing to the sustainable development. To implement this policy and provide quality and speedy validation and verification services to our clients, we have developed and implemented quality management system meeting latest versions of UNFCCC Accreditation Standard and Validation/Verification Manual.

We believe that maintaining impartiality at all levels is vital in validation/verification business. To ensure this, we shall institutionalize systems and procedures, to maintain impartiality at policy, organization and operation levels.

The entire PJRCES team adheres to the spirit and the letter of the firm's quality policy as well as the directives of the Quality Manual and its subordinate documents.

**Terry Boboige**  
President
